

## **CJ's Rewards Local Customer with FREE Tires**

May 24, 2010 – CJ's Tire and Automotive Services is giving back to the people that have helped their business grow over the past 40 years. Throughout the month of May, CJ's awarded Jennifer Y. of West Lawn and Robert C. of Honey Brook with FREE sets of Goodyear Tires. "This just proves how committed they are to their customers," explains Jennifer. "I have been taking my car to CJ's for the past 8 years and they are always extremely helpful. Especially when I bring my young children, it's as if they work extra hard to get me in and out in as little time as possible." Robert agrees, "Although I do a lot of my own work on my cars, when it comes to tires I won't go anywhere else. Those guys really know what they are doing and they always offer the best price."

The giveaway was part of a spring promotion that invited customers to enter a drawing for the chance to win a new set of tires or to be refunded for tires that were recently purchased. "We are always looking for new ways to thank to our customers for their continued support," explains Operations Manager, Greg Mynaugh. "After all, if it weren't for our customers, we wouldn't still be here today."
